MINUTES OF THE REGULAR MEETING OF THE
LOUISIANA PROFESSIONAL ENGINEERING
AND LAND SURVEYING BOARD
9643 BROOKLINE AVENUE, SUITE 121
BATON ROUGE, LOUISIANA 70809-1433
November 18, 2019

At 9:05 a.m. on November 18, 2019, Alan D. Krouse, P.E. called the meeting to order at the Board's office in Baton Rouge, Louisiana, with the following members present:

Alan D. Krouse, P.E.	Chairman
Thomas R. Carroll, III, P.E., P.L.S.	Vice Chairman
Charles G. Coyle, III, P.L.S.	Treasurer
Jeff A. Pike, P.E.	Secretary

D. Scott Phillips, P.E., P.L.S.
Christopher K. Richard, P.E.
Chad C. Vosburg, P.E.
Edgar P. Benoit, P.E.
Wilfred J. Fontenot, P.L.S.
Connie Betts, P.E.
Reginald Jeter, P.E.

Also present: Donna D. Sentell, Executive Director
Cheron Seaman, Deputy Executive Director
Bill Tripoli, Board Staff
Joe Harman, P.E., Board Staff
D. Scott Landry, Board Attorney
Hoang Nguyen, Tri-Core Technologies, L.L.C.

Guests: Rhaoul Guillaume, P.E.
Stan Ard, P.L.S., LSPS President
Liz Kearney, LSPS Executive Director

The invocation and pledge were led by Mr. Carroll.

Public comment time was recognized by Chairman Krouse.

The Board unanimously approved the motion made by Mr. Richard, seconded by Mr. Coyle, to accept the November 18, 2019 proposed Call and Agenda for the meeting.

The Board unanimously approved the motion made by Mr. Pike, seconded by Mr. Carroll, to approve the minutes from the September 9, 2019 Board meeting.

Committee Reports

Laws and Rules Committee

Mr. Carroll presented the report and recommendations of the Ad Hoc Committee, comprised of Mr. Carroll, Mr. Fontenot, Mr. Coyle, Mr. Richard, Mr. Pike and representatives of the Louisiana Society of Professional Surveyors, regarding the proposed revisions to La. R.S. 37:693(B)(3) and (4) and La. R.S. 37:695 relative to the removal of references to oral examinations.

Kimona Hogan, staff attorney from the Louisiana House of Representatives, entered the meeting at 9:15 a.m., and Brenda Gajan, Executive Director of the Louisiana Engineering Society, entered the meeting at 9:18 a.m.

After discussion, the Board unanimously approved the motion made by Mr. Pike, seconded by Mr. Richard, to adopt the recommendations of the Ad Hoc Committee as follows:

1. Remove the phrase "oral and written" from La. R.S. 37:693(B)(3)(a) for land surveyor intern applicants. This proposed law revision would require no associated revision to the Board's rules, which currently do not address oral examinations for land surveyor intern applicants.

- 2. Do not remove the phrase "oral and written" from La. R.S. 37:693(B)(4)(a) for professional land surveyor non-comity applicants. The Land Surveying Committee is charged with reviewing La. R.S. 37:693(B)(4)(b) with regard to whether professional land surveyor comity applicants should be required to pass an oral examination. There is a concern that professional land surveyor non-comity applicants are required to pass an oral examination, whereas current procedures for professional land surveyor comity applicants do not include an oral examination.

- 3. Charge the Land Surveying Committee with reviewing the existing land surveying oral examination form as it relates to content, items included for consideration in passage, and consistency in format and procedural application.

Mr. Guillaume, Mr. Ard, Ms. Kearney and Mr. Hoang exited the meeting at 9:50 a.m.

After discussion, the Board unanimously approved the motion made by the Laws and Rules Committee to propose revisions to La. R.S. 37:693 and La. R.S. 37:695(A) to read as follows:

§693. Requirements for licensure as a professional engineer or professional land surveyor, and for certification as an engineer intern or land surveyor intern

A.(1) . . .

(2) Professional engineers will be issued licenses by the board as a professional engineer. The board shall list a professional engineer in one or more of the disciplines of engineering approved by the National Council of Examiners for Engineering and Surveying to signify the area in which the professional engineer has demonstrated competence pursuant to education, experience, and examination. The professional engineer may use a seal that designates the discipline of engineering in which the board has listed the professional engineer or a seal that identifies the licensee as a professional engineer.

B. The minimum requirements for licensure or certification by the board shall be as follows:

(1) An engineer intern shall be either:

(a) A graduate of an accredited engineering curriculum of four years or more approved by the board as being of satisfactory standing, who is of good character and reputation, who has passed the examinations required by the board, and who has satisfied the requirements of R.S. 37:694.

(b) A graduate of a non-accredited engineering or related science or technology curriculum of four years or more, approved by the board as being of satisfactory standing, who has obtained a graduate degree from a university having an accredited undergraduate engineering curriculum in the same discipline or sub-discipline, approved by the board as being of satisfactory standing, who is of good character and reputation, who has passed the examinations required by the board, and who has satisfied the requirements of R.S. 37:694.

(c) A graduate of a non-accredited engineering curriculum of four years or more approved by the board as being of satisfactory standing, who has met the requirements for progressive engineering experience in work acceptable to the board, who is of good character and reputation, who has passed the examinations required by the board, and who has satisfied the requirements of R.S. 37:694.

(2) A professional engineer shall be either:

(a) An engineer intern, or an individual who meets the qualifications to be an engineer intern, who has met the requirements for progressive

1 engineering experience in work acceptable to the board, who is of good
2 character and reputation, who has passed the examinations required by the
3 board, and who has satisfied the requirements of R.S. 37:694.

4
5 (b) . . .

6
7 (c) A graduate of an accredited engineering curriculum of four years or
8 more approved by the board as being of satisfactory standing, who has twenty
9 or more years of progressive engineering experience in work acceptable to the
10 board, who is of good character and reputation, who has passed the
11 examinations required by the board, and who has satisfied the requirements
12 of R.S. 37:694.

13
14 (3) A land surveyor intern shall be either:

15
16 (a) A graduate holding a baccalaureate degree from a curriculum of four
17 years or more who has completed at least thirty semester credit hours, or the
18 equivalent approved by the board, in courses involving land surveying,
19 mapping, and real property approved by the board, who is of good character
20 and reputation, who has passed the examinations required by the board, and
21 who has satisfied the requirements of R.S. 37:694.

22
23 (b) . . .

24
25 (4) A professional land surveyor shall be either:

26
27 (a) . . .

28
29 (b) An individual who holds a valid license to engage in the practice of
30 land surveying issued to him by the proper authority of a state, territory, or
31 possession of the United States, or the District of Columbia, based on
32 requirements that do not conflict with the provisions of this Chapter and
33 which were of a standard not lower than that specified in the applicable
34 licensure laws in effect in Louisiana at the time such license was issued, who
35 has passed an examination on the laws, procedures, and practices pertaining
36 to land surveying in Louisiana, who is of good character and reputation, and
37 who has satisfied the requirements of R.S. 37:694, and if the state, territory, or
38 possession, or the District of Columbia, in which he is licensed will accept the
39 licenses issued by the board on a reciprocal basis.

44
45 **§695. Examinations**

46
47 A. When examinations are required, they shall be at such time and place
48 as the board shall determine. The board shall issue to each such examinee a
49 letter notifying him that he has passed or failed the examination.

50
51 B. - C. . . .

52
53 After discussion, the Board approved the motion made by Mr. Pike, seconded by Mr.
54 Richard, with Ms. Betts, Mr. Benoit, Mr. Vosburg, Mr. Phillips, Mr. Carroll, Mr. Pike, Mr.
55 Richard and Mr. Jeter for and Mr. Coyle and Mr. Fontenot against, to not proceed with
56 proposing law revisions which would have allowed one of the professional engineer
57 in education Board member positions to be a dual licensee who is employed in any
58 field of engineering and actively engaged in land surveying.

§695. Examinations

A. - C. . . .

D. The board, by rule or regulation, may require an individual who has failed an examination required for licensure to appear before the board, or a committee of the board, for an oral interview.

E. The board may establish, adopt, promulgate, and publish rules and regulations concerning the eligibility for licensure of an individual who has failed an examination required for such licensure seven or more times.

After discussion, the Board unanimously approved the motion made by the Laws and Rules Committee to propose revisions to La. R.S. 37:698(C) and La. R.S. 37:700(C) to read as follows:

§698. Disciplinary proceedings against licensees and certificate holders; procedure

A. - B. . . .

C. The board shall have the power to take disciplinary action against a firm if one or more of its officers, directors, managers, employees, agents, or representatives violates any provision of this Chapter.

D. - N. . . .

§700. Enforcement proceedings against other persons; procedure

A. - B. . . .

C. The board shall have the power to take enforcement action against a firm if one or more of its officers, directors, managers, employees, agents, or representatives violates any provision of this Chapter.

D. - Q. . . .

Ms. Gajan exited the meeting at 11:00 a.m.

The Board recessed at 11:05 a.m. and resumed at 11:15 a.m.

Chairman Krouse presented the Petition for Declaratory Order and Ruling filed by Donald T. Drummond, P.E.

After discussion, the Board unanimously approved the motion made by Mr. Pike, seconded by Mr. Carroll, to approve the following ruling on Mr. Drummond’s Petition for Declaratory Order and Ruling:

RULING ON PETITION FOR DECLARATORY ORDER

1.

On October 24, 2019, Donald T. Drummond, P.E. (“Petitioner”) filed with the Louisiana Professional Engineering and Land Surveying Board (the “Board”) a petition for declaratory order and ruling pursuant to LAC Title 46:LXI§727.

2.

Petitioner states that a client has asked him to conduct a third party review of the Louisiana engineering work of another professional engineer for compliance with the client’s engineering standards and procedures and with generally accepted engineering design practices, presentation and completeness. However, the client has not asked petitioner to assume responsible charge of such work or to apply his professional engineer seal to his comments.

3.

Petitioner seeks a declaratory order as to whether the Board’s laws and rules (particularly LAC Title 46:LXI§2503(D)) would prohibit him from reviewing and commenting upon the Louisiana engineering work of another professional engineer without assuming responsible charge of such work.

4.

LAC Title 46:LXI§2503(D) provides as follows:

D. Licensees shall submit to a client only that work prepared by the licensee or under their responsible charge; however, licensees, as third parties, may complete, correct, revise, or add to the work of another licensee or other related design professional, if allowed by Louisiana law, when engaged to do so by a client, provided:

- 1. the client furnishes the documentation of all such work submitted to him/her by the previous licensees or other related design professionals;
- 2. the previous licensees or other related design professionals are notified in writing by the licensee of the engagement referred to herein immediately upon acceptance of the engagement; and
- 3. all work completed, corrected, revised, or added to shall contain a notation describing the work done by the licensee now in responsible charge, shall have the seal and signature of the licensee affixed thereto, shall contain the date of execution, and shall become the responsibility of the licensee.

5.

LAC Title 46:LXI§2701(A)(4)(a)(i) provides as follows:

Professional engineers shall affix their seal, sign their name, and place the date of execution on all engineering documents that have been issued by them to a client or any public or governmental agency as completed work.

ORDER

After due consideration of the petition for declaratory order and ruling filed by Petitioner and after discussion by the Board during its meeting on November 18, 2019:

IT IS THE RULING of the Board that:

6.

The Board's laws and rules do not prohibit a professional engineer from reviewing and commenting upon the Louisiana engineering work of another professional engineer without assuming responsible charge of such work. If the professional engineer conducting the review prepares and submits to the client written comments or opinions in connection with his/her review, such written comments or opinions must be properly sealed, signed and dated by such professional engineer.

7.

A professional engineer is only required to comply with LAC Title 46:LXI§2503(D)(1)-(3) if he/she is engaged by the client to "complete, correct, revise, or add to" the work of another professional engineer or related design professional.

Mr. Landry exited the meeting at 11:30 a.m.

Land Surveying Committee

Mr. Coyle presented the report for the Land Surveying Committee.

After discussion, the Board unanimously approved the motion made by the Land Surveying Committee to authorize the Executive Director to enter into a contract with **TEST, Inc.** for psychometric services relating to the Louisiana Laws of Land Surveying Examination. The term of the contract will be for eighteen months **beginning January 1, 2020 and ending June 30, 2021**, in the annual amount not to exceed **\$10,800.**

The Board unanimously approved the motion made by the Land Surveying Committee to authorize the Executive Director to enter into a contract with **TEST, Inc.** for a test development workshop relating to the Louisiana Laws of Land Surveying Examination. The term of the contract will be for one year **beginning January 1, 2020 and ending December 31, 2020**, in the annual amount not to exceed **\$4,500.00.**

Mr. Coyle reported that the Land Surveying Committee would make a recommendation to the Board concerning the oral examination requirements and the procedures for applicants for professional land surveyor licensure.

1 **Finance Committee**
2

3 Mr. Coyle presented the report for the Finance Committee.
4

5 The Board unanimously approved the motion made by the Finance Committee to

10

11 Craig Campbell, P.E. and Chris Knotts, P.E. entered the meeting at 11:50 a.m.
12

13 The Board recessed for lunch at 11:50 a.m. and resumed at 12:45 p.m.
14

15 Mr. Landry returned to the meeting at 12:45 p.m.
16

17 **Laws and Rules Committee (continued)**
18

19 After discussion, the Board unanimously approved the motion made by the Laws and
20 Rules Committee to propose revisions to La. R.S. 37:682, La. R.S. 37:683, La. R.S.
21 37:684 and La. R.S. 37:686 to read as follows:
22

23 **§682. Definitions**
24

25 The following words and phrases when used in this Chapter shall have the
26 following meaning, unless the context clearly requires otherwise:
27

28 (1) - (3)
29

30 (4) "Dual licensee" shall mean any person practicing or seeking to practice
31 both engineering and land surveying in the state of Louisiana that has received
32 both licenses from the board and is otherwise in good standing with the board.
33 The term is often used synonymously with the term "dual registrant".
34

35 (5) "Engineer" or "professional engineer" shall mean an individual who,
36 by reason of his special knowledge and ability to apply the mathematical,
37 physical, and engineering sciences and the principles and methods of
38 engineering analysis and design, acquired by an engineering education and
39 engineering experience, is qualified to practice engineering, as evidenced by
40 his licensure as such by the board.
41

42 (6) "Engineer intern" shall mean an individual who has complied with the
43 requirements for education, experience, and character and has passed an
44 examination in the fundamental engineering subjects, as provided in this
45 Chapter, and has been issued a certificate by the board.
46

47 (7) "Firm" shall mean any domestic or foreign firm, partnership,
48 association, cooperative, venture, corporation, limited liability company,
49 limited liability partnership, or any other entity.
50

51 (8) "Land surveyor" or "professional land surveyor" shall mean an
52 individual who is qualified to practice land surveying, as evidenced by his
53 licensure as such by the board.
54

55 (9) "Land surveyor intern" shall mean an individual who has complied
56 with the requirements for education, experience, and character and has
57 passed an examination in the fundamental surveying subjects, as provided in
58 this Chapter, and has been issued a certificate by the board.
59

60 (10) "Licensee" shall mean any person practicing or seeking to practice
61 engineering or land surveying in the state of Louisiana that has received a
62 license from the board and is otherwise in good standing with the board. The
63 term is often used synonymously with the term "registrant".
64

65 (11) "Licensed" or "licensure" shall mean the recognition granted by the
66 board and its issuance of a license to any person to practice engineering or

1 land surveying in the state of Louisiana. These terms are often used
2 synonymously with the terms "registered" or "registration".
3

4 (12) "Person" shall mean any individual or firm.
5

6 (13)(a) "Practice of engineering" shall mean responsible professional
7 service which may include consultation, investigation, evaluation, planning,
8 designing, or inspection of construction in connection with any public or
9 private utilities, structures, machines, equipment, processes, works, or
10 projects wherein the public welfare or the safeguarding of life, health, and
11 property is concerned or involved, when such professional service requires
12 the application of engineering principles and the interpretation of engineering
13 data.
14

15 (b) . . .
16

17 (14)(a) "Practice of land surveying" shall include the measuring of areas,
18 land surfaces, streams, bodies of water, and swamps for correct determination
19 and description, for the establishment, reestablishment, ascertainment, or
20 description of land boundaries, corners, divisions, distances, and directions,
21 the plotting and monumenting of lands and subdivisions thereof, and mapping
22 and topographical work.
23

24 (b) . . .
25

26 (15) "Responsible charge" shall mean the direct control and personal
27 supervision of engineering or land surveying service or work, as the case may
28 be.
29

30 (16) "Responsible professional services" shall mean the technical
31 responsibility, control, and direction of the investigation, design, or
32 construction of engineering service or work requiring initiative, engineering
33 ability, and its use of independent judgment.
34

35 After discussion, the Board unanimously approved the motion made by the Laws and
36 Rules Committee to propose revisions to La. R.S. 37:683, La. R.S. 37:684 and La. R.S.
37 37:686 to read as follows:
38

39 **§683. Board; appointments; terms**
40

41 A.(1) The Louisiana Professional Engineering and Land Surveying Board
42 is hereby created, whose duty it shall be to administer the provisions of this
43 Chapter. The board shall consist of eleven members, nine of whom shall be
44 professional engineers and two of whom shall be professional land surveyors.
45

46 (2) At least two of the members of the board shall be professional
47 engineers who are engaged in the private practice of engineering. For the
48 purposes of this Section, a professional engineer engaged in the private
49 practice of engineering is a person who practices engineering as a principal
50 business and who provides analytical, creative design, and design
51 implementation capabilities to clients on a fee basis. At least two of the
52 members of the board shall be professional engineers in government
53 employment, at least two of the members of the board shall be professional
54 engineers employed in the field of industry, at least two of the members of the
55 board shall be professional engineers employed in the field of education, and
56 at least one of the members of the board shall be a professional engineer
57 employed in the field of construction. At least two of the members of the
58 board shall be professional land surveyors who are actively engaged in the
59 field of land surveying.
60

61 B.(1) The governor shall appoint members to the board from among
62 professional engineer nominees recommended by the Louisiana Engineering
63 Society or its duly recognized successor and from among professional land
64 surveyor nominees recommended by the Louisiana Society of Professional
65 Surveyors or its duly recognized successor. All such nominees shall have the
66 qualifications required by R.S. 37:684.
67

1 (2) At least three nominations shall be made for each appointment
2 required, which appointment shall be made by the governor in the same
3 manner as the predecessor appointees were selected.
4

5 (3) All appointments to the board shall be for terms of not less than five
6 nor more than six years. All appointments shall be for such periods of time as
7 to ensure that the terms of not more than two board members end per year,
8 and shall expire on March thirty-first of the expiration year, regardless of the
9 date on which the successor was appointed and qualified.
10

11 (4) . . .

12
13 C. Each member of the board shall receive a certificate of appointment
14 from the governor, and before beginning his term of office, shall file with the
15 secretary of state his written oath or affirmation for faithful discharge of his
16 official duty. Each member shall serve until his successor has been appointed
17 and qualified. It shall be the duty of the president of the Louisiana
18 Engineering Society, in the case of the professional engineer nominees, or the
19 president of the Louisiana Society of Professional Surveyors, in the case of the
20 professional land surveyor nominees, duly authorized and acting on behalf of
21 their respective societies, to make the nominations described above within
22 sixty days after receipt of notice of the death, resignation, or removal of a
23 member of the board, and at least thirty days prior to the expiration of the
24 term of a member of the board.
25

26 D. . . .

27
28 **§684. Qualification of board members**

29
30 Each member of the board shall be a citizen of the United States and a
31 resident of this state, shall have been engaged in the practice or teaching of
32 engineering or land surveying, as the case may be, for at least twelve years,
33 and shall have been in responsible charge of important engineering or land
34 surveying work, as the case may be, for at least five years. For the purposes of
35 this Section, responsible charge of engineering or land surveying teaching may
36 be construed as responsible charge of important engineering or land
37 surveying work.
38

39 **§686. Removal of members for cause**

40
41 The governor may remove any member of the board for misconduct,
42 incompetency, or neglect of duty. Vacancies in the membership of the board
43 shall be filled for the unexpired term by appointment by the governor, as
44 provided in R.S. 37:683. Before the governor can remove a member for cause,
45 he must serve the member with a written statement of charges against him
46 and afford him an opportunity to be heard publicly on such charges. If the
47 member thus served does not request a public hearing within ten days after
48 service, the governor may proceed with his removal. If the member does
49 request such a public hearing, it shall be heard by a special committee
50 composed of three persons, namely: a professional engineer appointed by the
51 president of the Louisiana Engineering Society, in the case of the professional
52 engineer members, or a professional land surveyor appointed by the president
53 of the Louisiana Society of Professional Surveyors, in the case of the
54 professional land surveyor members, to serve as chairman; and two deans
55 from Louisiana colleges of engineering that have Accreditation Board for
56 Engineering and Technology, Inc. approved curricula to be chosen by the
57 board. The recommendation of this committee shall be binding upon the
58 governor. A copy of the charges, a transcript of the record of the hearing, and
59 a copy of the recommendation shall be filed with the secretary of state.
60
