

Louisiana Professional Engineering and Land Surveying Board

Application for Design/Build Firm Authorization Certificate

INSTRUCTIONS

1. The application must be typed. We *do not* accept handwritten applications.
2. Do not leave any section blank; please state “not applicable” or “none” if such is the case.
3. Use a continuation sheet for any section as necessary.
4. Be sure to sign and date the application.
5. Mail **or hand deliver** the application and the applicable fee shown below to:

Louisiana Professional Engineering and Land Surveying Board
9643 Brookline Avenue, Suite 121
Baton Rouge, LA 70809-1433
6. The application fee is non-refundable and must be submitted with the application. Enclose a check made payable to “LAPELS” in the amount of \$165.00.

Extract from the Louisiana Administrative Code 46:LXI.2505(F) (Rules of the Board)

The full text of the licensure law and rules of the Board are available by request to the Board office or from the Board’s website at www.lapels.com

§2505. Services

F. Firms may offer and/or provide a combination of engineering and construction services in connection with a design-build project without obtaining a firm license from the board, provided that:

1. prior to the execution of the contract for the project, the firm obtains an authorization certificate from the board by filing, on a form approved by the board, a written disclosure on which it shall designate a professional engineer (professional of record) licensed in this state to be in responsible charge of all engineering services offered and/or provided by the firm for such project;
2. the professional of record and an officer of the firm sign the written disclosure submitted to the board, identifying the professional of record’s role in the project and certifying that the professional of record will be in responsible charge of all engineering services offered and/or provided by the

firm for the project;

3. all engineering services offered and/or provided by the firm for the project are performed by or under the responsible charge of the professional of record; and

4. in the event such professional of record’s services terminate with respect to the project or his role in the project otherwise changes, then within five business days:

- a. both the firm and the professional of record shall notify the board in writing of such termination or change; and

- b. the firm shall file with the board a new written disclosure designating a new professional of record employed by the firm and licensed in this state to be in responsible charge of all engineering services offered and/or provided by the firm for such project.
