IN THE MATTER OF: THE EQUITY ENGINEERING GROUP, INC. RESPONDENT

CASE NO.: 2012-133

CONSENT ORDER

The Louisiana Professional Engineering and Land Surveying Board [hereinafter the “Board”], by and through its Executive Director, pursuant to authorization by the Board, and The Equity Engineering Group, Inc. [hereinafter “Respondent”], by and through its duly authorized undersigned representative, hereby agree to the following:

At all times material hereto, Respondent was not licensed in the State of Louisiana as a professional engineering firm and, therefore, was not authorized to practice and/or offer to practice engineering in the State of Louisiana.

An investigation was opened based upon information which suggested that Respondent may have engaged in the unlicensed practice of and/or offering to practice engineering in Louisiana. The investigation disclosed that between 2009 and 2012 Respondent provided engineering services on nineteen (19) projects in Louisiana.

La. R.S. 37:681 and 37:700(A)(1), (7) and (9), to wit LAC Title 46:LI§2301(B)(1), prohibit the practicing of and/or the offering to practice engineering and the use of the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity in Louisiana without proper licensure. La. R.S. 37:681(H) permits the Board to take enforcement action against persons who violate La. R.S. 37:681 and 37:700(A)(1), (7) and (9), to wit LAC Title 46:LI§2301(B)(1), upon a finding of guilt following the preferral of charges, notice and hearing and a majority vote of its entire membership authorized to participate in the proceeding. La. R.S. 37:681, La. R.S.
37:700(A)(1), (7) and (9), La. R.S. 37:700(H) and LAC Title 46:LXI§2301(B)(1) were in effect at all times material hereto.

It is undisputed that at all times material hereto Respondent was not licensed to practice and/or offer to practice engineering in Louisiana and between 2009 and 2012 Respondent unintentionally practiced and/or offered to practice engineering and used the word “engineering” in its name and in conjunction with its business in Louisiana without proper licensure.

By letter dated July 30, 2013, the Board gave notice to Respondent that it was considering the preferral of charges against Respondent on the grounds that it may have violated La. R.S. 37:681 and 37:700(A)(1), (7) and (9), to wit LAC Title 46:LXI§2301(B)(1), relative to practicing and/or offering to practice engineering and using the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity in Louisiana without proper licensure.

Wishing to dispense with the need for further enforcement action and to conclude the instant proceeding without further delay and expense, for the purpose of this proceeding only, Respondent and the Board do hereby enter into this Consent Order, in which Respondent of its own free will consents to the issuance of a Consent Order by the Board, wherein Respondent agrees to (a) pay a fine of five thousand ($5,000.00) dollars; (b) pay administrative costs of three hundred and 63/100 ($300.63) dollars; and (c) the publication of this Consent Order on the Board’s website and a summary of this matter in the Board’s official journal, the Louisiana Engineer and Surveyor Journal, and the reporting of this matter to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name.

Respondent admits to unintentional violations of the referenced laws and/or rules regarding the practicing of and/or offering to practice engineering and the use of the words “engineer”, “engineering” or any modification or derivative thereof in a person’s name or form of business or activity in Louisiana without proper licensure. Respondent acknowledges awareness of said laws and/or rules and states that it will comply with all applicable laws and rules henceforth. Respondent has been advised of its right to be
represented by counsel before the Board and/or to appear at any hearing personally or by
counsel and to present witnesses and evidence in its own behalf, and it hereby waives this
right and its right to appeal; and it states affirmatively that it has been afforded all
administrative remedies due it under the law. Respondent further acknowledges awareness
of the fact that the signed original of this Consent Order will remain in the custody of the
Board as a public record and will be made available for public inspection and copying upon
request.

Therefore, in consideration of the foregoing and by signing this Consent Order,
Respondent does hereby waive its right to a hearing before the Board, to the presenting of
evidence and witnesses in its behalf, to Findings of Fact and Conclusions of Law in this case,
and to judicial review of this Consent Order.

Respondent hereby represents (a) that it fully understands the meaning and intent of
this Consent Order, including but not limited to its final and binding effect, (b) that it has
voluntarily entered into this Consent Order and that no other promise or agreement of any
kind has been made to or with it by any person whatsoever to cause the execution of this
instrument and (c) that the sanctions set forth in this Consent Order do not prevent the
Board from taking further disciplinary or enforcement action against Respondent on matters
not specifically addressed in this Consent Order.

WHEREFORE, the Louisiana Professional Engineering and Land Surveying Board
and Respondent agree that:

1. Respondent shall pay a fine of five thousand ($5,000.00) dollars, which shall
be tendered to the Board by certified check payable to the Board, due upon the signing of
this Consent Order; and

2. Respondent shall pay administrative costs of three hundred and 63/100
($300.63) dollars, which shall be tendered to the Board by certified check payable to the
Board, due upon the signing of this Consent Order; and

3. This Consent Order shall be published on the Board’s website and a summary
of this matter shall be printed in the official journal of the Board, the Louisiana Engineer and

Page 3 of 4
Surveyor Journal, and reported to the National Council of Examiners for Engineering and Surveying (NCEES), identifying Respondent by name; and

4. This Consent Order shall not become effective unless and until it is accepted and signed by and on behalf of the Board. Should the Board not accept and sign this Consent Order, it is agreed that presentation of this matter to the Board shall not prejudice the Board or any of its members, staff, attorneys or representatives from further participation, consideration or resolution of any further proceedings herein.
