**Complaint Review Committee Procedure for
Reviewing Investigative Cases
(Adopted March 20, 2012)
(Amended November 25, 2013)**

Three board members, plus the Executive Director or Deputy Executive Director, shall constitute a Complaint Review Committee (CRC), pursuant to LAC Title 46:LXI§707(E)(10).

The board attorney and the Executive Director/Deputy Executive Director will not complete CRC recommendation forms. However, it is the intent of the board that the board attorney will review all investigative cases after the CRC review is complete.

Depending on the complexity of the case, staff may draw on the expertise of the board's technical consultant and/or the board attorney for technical and/or legal advice.

Staff Responsibilities:

1. Staff will appoint the board members on the CRC based on their geography, expertise, and rotation.
2. Staff will designate one board member on the CRC as the Reporter for the CRC.
3. The investigator will send to each board member on the CRC the Investigative Case Report and a blank CRC recommendation form.
4. The investigator will communicate with the Reporter to ensure every effort is made to return a single, completed CRC recommendation form within 90 days.
5. If the CRC finds evidence of one or more violations and recommends a proposed consent order, the investigator will draft the proposed consent order and cover letter and submit them to the board attorney for review along with the Investigative Case Report and completed CRC recommendation form. After review by the board attorney, the investigator will send the proposed consent order to the Respondent via certified mail.
6. If the CRC finds no evidence of law/rule violations and recommends dismissing the case, the investigator will submit to the board attorney for review the Investigative Case Report and the completed CRC recommendation form. If the board attorney has concerns over the propriety of the CRC's finding of no evidence of law/rule violations, the investigator will communicate with the Reporter and the board attorney to resolve the concerns. Otherwise, the investigator will send the appropriate letter to the Respondent (and, if applicable, the complainant) and submit the case to the Director of Enforcement to close.

CRC Reporter Responsibilities:

1. The Reporter will facilitate dialog with the other board members on the CRC to review the case and answer the following questions:
 - a. Are any law/rule violations substantiated?
 - b. Does the CRC require additional information?
 - c. If any law/rule violations are substantiated, what are the recommended sanctions?
2. The CRC will then vote on the questions above. The vote shall be made by a minimum two-thirds vote of the board members serving on the CRC, pursuant to LAC Title 46:LXI §707(E)(10).
3. After all board members on the CRC have voted, Once a unanimous/two thirds vote has been reached, the Reporter will sign and email the completed CRC recommendation form to the investigator,

1 with a copy to the other two board members on the CRC. The
2 completed CRC recommendation form should clearly indicate whether
3 there was a unanimous or two-thirds vote. The other two board
4 members on the CRC will each send the investigator an email affirming
5 their position as submitted by the Reporter. An example of the email –
6 “I agree with the recommendations on the CRC recommendation form
7 regarding (enter respondent’s name and case number)”, or “I disagree
8 with the recommendations on the CRC recommendation form regarding
9 (enter respondent’s name and case number)”.

10
11 4. The Reporter must include the following information on the completed
12 CRC recommendation form:

- 13
14 a. List the specific laws/rules violated
15 b. Detail the facts which support the finding of each violation
16 c. Answer yes/no to all options for sanctions listed
17 d. If the recommended sanctions vary from the sanction guidelines,
18 list the reasons for the variance

10 The Board approved the motion made by the Enforcement Ad Hoc Committee, with
11 Mr. Irving, Dr. Hale, Mr. Mustapha, Mr. Moore, Mr. Williams, Mr. Gammon, Mr. Crosby,
12 Mr. Patterson and Mr. Knotts for, and Mr. Thompson against, to adopt the following
13 policy on Classification of Cases for Complaint Review Committee Review:
14

15 **CLASSIFICATION OF CASES**
16 **FOR COMPLAINT REVIEW COMMITTEE REVIEW**
17 (Adopted November 25, 2013)
18

19 During its September 2013 meeting, the Board directed Enforcement Staff to
20 develop and implement a process by which investigative cases are initially
21 classified based upon the severity of the alleged violation(s). The Board's
22 directive was issued in response to the peer review conducted in June 2013 by
23 Bruce Pitts, the Director of Enforcement for the Oklahoma Board.
24

25 One of the recommendations made by Mr. Pitts was relative to an apparent
26 need for Board member-time to be better prioritized. To that end (and prior
27 to the Board's formal directive at its September 2013 meeting), the Board's
28 *Disciplinary and Enforcement Sanction Guidelines for Consent Orders and Other*
29 *Administrative Matters* was reviewed by **(a)** the Board's Technical Consultant
30 Joe Harman, P.E., **(b)** the Board Attorney, Scott Landry and **(c)** the Board
31 Investigators, Justin Owens and Tyson Ducote. After discussion, each violation
32 listed therein was placed into one of three categories of severity, designated as
33 "A", "B" or "C".
34

- 35 • **A:** Cases designated as "A", such as practicing with an expired license,
36 typically require minimal effort from the Complaint Review Committee
37 (CRC) and, as such, usually require a nominal amount of review time.
38 The CRC, therefore, should make every effort to complete its review and
39 return the completed CRC recommendation form to the investigator no
40 later than seven (7) days from receipt of the Investigative Case Report.
41
- 42 • **B:** Cases designated as "B", such as unlicensed practice or major sealing
43 infractions, are typically more complex than "A" cases and require more
44 effort from the CRC. As such, the CRC should make every effort to
45 complete its review and return the completed CRC recommendation
46 form to the investigator no later than twenty (20) days from receipt of
47 the Investigative Case Report.
48
- 49 • **C:** Cases designated as "C", such as gross negligence/incompetence, are
50 usually the most complex and typically require the most effort and time
51 from the CRC. As such, the CRC should make every effort to complete its
52 review and return the completed CRC recommendation form to the
53 investigator no later than forty-five (45) days from receipt of the
54 Investigative Case Report.
55

56 To allow Board members on the CRC to quickly and easily identify the type of
57 case they have been sent, Investigative Case Reports (which are typically sent
58 to a CRC via email) will be titled as follows:
59

- 60 • **A:** "Investigative Summary Review – A – (Case #201X-XX)"
61
- 62 • **B:** "Investigative Summary Review – B – (Case #201X-XX)"
63
- 64 • **C:** "Investigative Summary Review – C – (Case #201X-XX)"
