c. RCF initiated calls to an unidentified terminated number can and are being easily forwarded to unauthorized telephones. This forwarding is done through the normal 3-way call hook ups. This in fact negates the security mechanisms achieved by the requirement of approved telephone lists. Safeguards to prevent calls to victims, to blocked or restricted numbers or to prevent other unauthorized call activities are defeated by the use of an RCF number.

d. RCF usage creates an opportunity to conduct criminal or illegal or unauthorized activities since the end call location is not readily being identified, verified or its actual location known. This affords untold opportunity for offenders to engage in potential scams, to call victims, to facilitate escape attempts and to engage in other conduct representing significant security risks to the facility.

e. The offender population shall be put on notice that all third-party telephone calls, including RCF calls, are strictly prohibited and such activity shall result in appropriate disciplinary action.

f. Wardens shall develop a monitoring system to analyze the frequency of local calls. High frequency may indicate RCF utilization. When RCF calls are discovered, a system-wide block of the number shall be initiated pursuant to Subparagraph D.1.i. of this regulation.

Department of Transportation and Development
Professional Engineering and Land Surveying Board

Practice of Engineering and Supervising Professionals
(LAC 46:LXI.105 and 2305)

Under the authority of the Louisiana Professional Engineering and Land Surveying Licensure Law, R.S. 37:681 et seq., and in accordance with the Louisiana Administrative Procedure Act, R.S. 49:950 et seq., the Louisiana Professional Engineering and Land Surveying Board has amended its rules contained in LAC 46:LXI.105 and 2305.

This is a technical revision of existing rules under which LAPELS operates. The revision clarifies (a) the circumstances under which an architect can perform minor mechanical, electrical or civil-structural engineering work necessarily incidental to his/her practice of architecture and (b) the amount of time that certain licensed professionals must work for (and/or the amount of ownership interest that certain licensed professionals must have in) a licensed firm to be able to serve as the firm’s supervising professional. This Rule is hereby adopted on the day of promulgation.
